PRESS RELEASE

Datasection Inc.

Datasection Launches AI Infrastructure and GPU Compute Services

Datasection Inc. (Head Office: Shinagawa-ku, Tokyo; President, Representative Director, Executive Officer and CEO: Norihiko Ishihara; TSE Growth Market: 3905; hereinafter the “Company”) is pleased to announce that it has begun providing AI infrastructure and GPU compute services under the agreement announced in its press release “Notice Regarding the Conclusion of a Major Contract” dated September 18, 2026.

Under this agreement, the Company provides GPU clusters and related AI compute services to one of the world’s leading AI infrastructure platform providers, headquartered in the United States.

Following the signing of the major contract in September 2026, the Company commenced commercial operations in October as originally scheduled and is steadily providing services in accordance with the agreement.

Going forward, the Company will leverage its strengths in GPU procurement and in building and operating large-scale AI infrastructure to meet global demand for AI computing and to further expand its AI infrastructure business.
